

Humanitarian Relief Support

UKRAINE

Our mission as Fashion professionals is to offer aid and support to those in need.

2020: From Fashion with Love delivered 7800 Gift Bags filled with clothing and gifts, from the most generous fashion brands we could find, to the amazing nurses that flew into NYC and Los Angeles, the epicenter of COVID19, to aid the first tragic victims of the Pandemic.

2022: As we all sit here in the USA watching the atrocities against humanity in Ukraine – in real time – we can no longer just watch. **FFWL must help!**

Call to Action: From Fashion with Love is asking you - *our industry* - to donate apparel and footwear. While there are many organizations who are accepting money, FFWL wants to, once again, donate actual clothing and footwear that these men, women and children refugees of Ukraine **NEED** now.

How to Help: We have connected with the US Red Cross, who in turn directed us to the Ukraine Red Cross. With their support, we found the logistics transport firm who will fly supplies to Poland for Ukraine Humanitarian Relief. NOVA POSHTA, the international freight forwarder, will welcome all packages at their partner's warehouse VELOX in NJ.

Where to Ship:

Humanitarian Aid UA /NP100007070
